

## Tyci 70 chair

The versatile Tyci 70 chair is the perfect accompaniment to the Tyci Tavoli series of tables. It shares the same ease of a flat pack design, that can be put together and taken apart as often as you like. The chair is designed to promote good posture. It has to be tried to realise how comfortable it is.

Its back support can be adjusted to slope at different angles. The back has a spring-like diving board effect and a cut out for the spine. There are adjustable feet for uneven floor surfaces.

Materials include plastic laminate, high quality birch plywood

**Size** 600mm long x 526mm wide x 1085mm max height
