

Xobo

Zaom servery/ storage cabinet

The angular Zaom servery/ storage cabinet has the advantage of being able to be wheeled around your living space. One side has open storage pockets, the other side has a flip up handy shelf with a hole for a bowl or vase.

Doors to gain access to internal storage can be found on both the front and rear sides. The wavy design came out of the result to have a removable top surface that simply slides into position.

Top options include a serving tray or chopping board worktop.

Materials include plywood and plastic laminate

Size 980mm long x 490mm wide x 885mm max height, 980mm high with removable tray

Colour options

We reserve the right to change materials, colours, specifications
Image colour and finishes may vary
